WHO WE ARE

BALDOYLE

BLINDS

Baldoyle Blinds Ltd is an Irish-owned, family-run business spanning three generations, with over 30 years' experience delivering high-quality blinds and shading solutions across Ireland.

Operating from our 8,000 sq. ft. factory and showroom, our skilled team manufactures and installs premium products for over 100,000 residential and commercial clients, including hotels, restaurants, retail stores, schools, Build-to-Rent developments and healthcare facilities.

In the following pages, we highlight the key pillars that define our business – from our advanced manufacturing capabilities and experienced team to the quality of our products and the proven delivery of projects across Ireland. Each element reflects our commitment to providing reliable, high-quality shading solutions that enhance both residential and commercial spaces.

Discover how Baldoyle Blinds continues to support homes, businesses and large-scale developments nationwide through craftsmanship, innovation and dependable service.

OUR SHOWROOM

HIGH QUALITY PRODUCTS DESERVE A HIGH QUALITY STAGE...

OUR TEAM

WHAT SETS US APART..

At Baldoye Blinds, our experienced team drives the successful delivery of every project. With dedicated departments managing each stage - from tender through manufacture to installation - we ensure projects run efficiently and are completed to the highest standard.

Sales, Survey & Showroom Team

Working with clients, contractors and designers, our team ensures correct product selection, accurate surveys and clear project requirements from the outset.

Manufacturing Team

Operating from our state-of-the-art facility, our team manufactures high-quality blinds using modern automated machinery and strict quality control, delivering consistency across projects of all sizes.

Installation Team

Our professional installers coordinate with project managers and contractors to complete installations safely, efficiently and on schedule.

Accounts & Administration Team

Our administration team manages orders, scheduling and communication, ensuring a smooth process from order placement through to completion.

OUR FACTORY

INNOVATION DRIVING QUALITY

At Baldoyle Blinds, quality begins at the manufacturing stage. Our purpose-built facility is equipped with industry-leading machinery designed to deliver precision and consistency throughout production.

From automated cutting systems to our 3-metre light box used for detailed quality checks, every product is inspected to ensure it meets our high standards before leaving our factory.

Unlike many competitors, we manufacture in-house, allowing us to maintain full control over quality, lead times and project requirements. This enables faster turnaround, consistent standards and the flexibility needed for projects of all sizes.

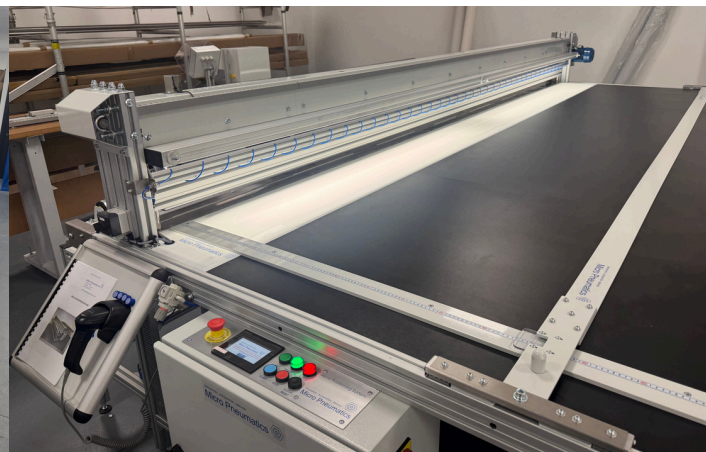

When you choose Baldoyle Blinds, you partner with a team focused on delivering reliable, high-quality products every time.

A SNEAK PEAK AT BEHIND THE SCENES..

OUR PRODUCTS

THE STAR OF THE SHOW..

Rollers

Our most popular system, manufactured in-house and suited to both commercial and residential projects. Available in a wide range of fabrics, including blackout, screen and fire-rated options for effective light control and durability.

Venetians

Available in aluminium, natural and faux wood finishes, Venetian blinds provide precise light control and are ideal for offices, schools and commercial environments.

Verticals

A practical solution for large windows and offices, offering simple operation, effective light control and long-term durability.

Romans

Combining fabric elegance with blind functionality, Roman blinds offer a refined finish suitable for residential and hospitality environments.

Shutters

A durable and stylish solution offering long-term light control and privacy, suitable for residential and selected commercial applications.

Curtains

Our bespoke curtain solutions range from practical to premium finishes, delivering both functional shading and aesthetic enhancement for hospitality and residential spaces.

Velux

Designed specifically for Velux, Keylite and other skylight systems, providing efficient light control in attic and roof window spaces.

Double Rollers

A dual-layer system combining sheer and blackout fabrics, allowing flexible control of privacy and daylight in commercial and residential spaces.

CDETB

We are a trusted blinds supplier to the City of Dublin Education and Training Board, delivering blind installations across multiple campuses throughout Dublin, including Coláiste Dhúlaigh, Coláiste Eoin and Youthreach centres citywide.

Proven Experience & Reliability

With over 30 years' experience, we have successfully delivered blind manufacture and installation projects for commercial, education, healthcare and residential developments across Ireland, earning the trust of contractors, developers and facility managers nationwide.

Tailored Project Solutions

Every project has unique requirements. We work closely with clients and design teams to deliver bespoke shading solutions, including automated and energy-efficient systems suited to each environment.

In-House Manufacturing Advantage

By manufacturing in-house, we maintain full control over quality, lead times and flexibility, allowing us to deliver consistently across projects of all sizes.

Delivered on Schedule

Our teams coordinate closely with contractors and project managers to ensure installations are completed safely and in line with construction programmes.

Safety & Compliance

All installations are carried out in accordance with current health and safety standards by fully certified teams trained in Safe Pass, manual handling and child safety requirements. We are fully insured for commercial projects and experienced in providing site documentation, including RAMS and contractor compliance requirements, ensuring smooth integration with site procedures.

Aftercare & Maintenance Support

Our service continues beyond installation, with responsive after-sales support and maintenance services to keep systems operating efficiently.

Sustainable Approach

We actively promote environmentally responsible materials and processes, helping clients meet sustainability and environmental targets.

WE CATER TO ALL CLIENTS

Trusted delivery partner for projects of every scale.

CONSTRUCTION

Working with developers, contractors and design teams to deliver blinds for Build-to-Rent schemes, offices, hotels and large residential developments in line with construction programmes.

RESIDENTIAL

Delivering a complete measuring, manufacture and installation service for homeowners across Dublin and surrounding areas.

COMMERCIAL

Providing durable and practical shading solutions for offices, retail spaces, healthcare facilities, schools and hospitality environments.
